TRANSBANK™

ARMORGARD
security products

THE NEW, UNIVERSAL STORAGE SOLUTION FOR HAZARDOUS SUBSTANCES...

The economical answer for storing and transporting chemicals & flammables

DO YOU COMPLY...?

HSE requires that anybody storing or transporting chemicals or flammables must secure them in a lockable container. The new TRANSBANK range from Armorgard has been designed specifically for chemical or fuel storage and transportation, fully complying with HSE regulations.

Built to a specification for 30 minute fire rating

Ventilated to prevent a build up of fumes plus flame arrester gauze

Finished in bright red with relevant hazard warning signs

Overcentre catch with padlock facility

Pre-drilled fixing holes

Fully welded and tested sump base to prevent leakage
