Now with **LPCB A5** certification – tested to provide an even higher level of security.

Keyguard Digital XL has achieved the latest independent standard LPS1175 Issue 8 A5. This makes our product the industry leading certified key safe. Providing a secure solution for use in many different social and business sectors. For added peace of mind it is built to a Police Preferred Specification.

So, what does Issue 8 - A5 mean for you and your organisation?

LPS1175: Issue 8
 Cert No: 1000m

LPCB is an independent attack test certification. A tool list is selected and then time given to withstand a physical attack. Keyguard XL is the first key safe to achieve this level.

LPCB is part of the BRE Group, the world-renowned certification and testing facility in the UK, who test and certify products to the very latest attack methods.

Certified for fixing to rendered walling by multiple fixing types, available to all installers.

Secured by Design

Police Preferred Specification

With Secured by Design accreditation the Digital XL meets Police Preferred Specification.
