Explore the **BATTERY FIGHTER SERIES**, meticulously designed to meet the demands of both residential and commercial settings, ensuring reliable storage and effective charging of Lithium-Ion batteries.

Rechargeable batteries carry inherent risks, notably thermal runaway triggered by temperature fluctuations, impacts, or production flaws. These risks imperil safety, potentially leading to hard-to-extinguish battery fires that pose serious threats to lives and property.

Select the Battery Fighter Series for unparalleled peace of mind, featuring a robust double-wall construction that is fire, impact, and security certified. Choose from three size variations with key or electronic locking mechanisms, integrated smoke sensors, and power outlets incorporated.

Our safes are engineered for effortless concrete floor installation, equipped with user-friendly shelves, key hooks, and pull-out drawers for optimal storage convenience.

FEATURES

- Safe battery storage & charging
- Fire and security protection
- Robust steel construction
- Key or electronic locking
- 1-3 shelves with pull-out drawer & key hooks.
